U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On November ~~16~~⁹, 1975
- Export shipments in
Current Marketing Year
- Daily Sales reported
November ~~17~~¹⁰ - 25, 1975
~~18~~¹⁸
-- As Reported by Exporters

NOTE: Because of the Thanksgiving Holiday,
the next report will be issued on Friday,
November 28, 1975 at 3 PM.

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. {A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.}

U.S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of November 20, 1975 (based on reports from exporters during the week ending November 9, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 increased by 1,102,100 metric tons (MT). Commitments to India rose by 334,100 MT to a total of 3.8 million MT. After stagnating at the 2.4 million MT level since the beginning of July, U.S. commitments to India have now jumped by 1.4 million MT in the last 4 weeks. Other higher commitments were to the USSR (169,100 MT), Egypt (124,800 MT), Pakistan (115,100 MT), and Japan (83,500 MT). Commitments to Western Hemisphere destinations increased by 120,800 MT and commitments to unknown destinations rose by 124,300 MT.

Feedgrains: The apparent export commitment for total feedgrains increased by 1,792,100 MT. Total corn commitments rose by 1,717,000 MT; in the last 4 weeks, corn commitments have now jumped 46 percent to a total of 16.7 million MT. Corn commitments to the European Community (EC) and to Spain increased by 108,900 MT and 157,100 MT, respectively. Corn commitments to the USSR rose by 1,350,000 MT, of which 1,100,000 MT was reported last week under the daily sales reporting system.

Since November 9, a corn sale of 152,406 MT to Poland for March-May 1976 delivery was cancelled.

Rice: The apparent export commitment for 1975/76 increased by 35,500 MT, largely because of a sale of 24,000 MT to the USSR, the first to that country reported this marketing year.

Soybeans: The apparent export commitment for 1975/76 increased by 408,300 MT, primarily reflecting increased commitments to the EC, Spain, Norway, Japan, Canada and unknown destinations. Exports during the week totaled 364,000 MT, primarily to the EC (245,500 MT), Japan (61,800 MT), Norway (26,600 MT), and Spain (24,000 MT).

World production of fats and oils (includes vegetable oils, animal fats and marine oils) is forecast at 48.6 million MT in 1976, compared with estimated production of 45.7 million MT in 1975. The 2.9 million MT expected increase primarily reflects increased 1975/76 soybean outturn, up 1.7 million MT oil basis. Increased production of peanut, palm, lauric and rapeseed oils is also forecast for 1976. World exports of fats and oils in 1976 are expected to reach 15.0 million MT, compared with 1975's estimated trade volume of 13.9 million MT.

World production of cakes and meals (includes soybean, fish, peanut, sunflowerseed, cottonseed, linseed, rapeseed, copra and palm kernel meals) is forecast at 70.4 million MT, soybean meal equivalent, in 1976, compared with estimated production of 62.5 million MT in 1975. The 7.9 million MT increase primarily reflects a 7.7 million MT expected increase in soybean

meal production. Increased peanut, fish and rapeseed meal outturn is also expected in 1976. World exports on a soybean meal equivalent basis are forecast at 30.3 million MT in 1976, compared with 1975's estimated trade volume of 27.3 million MT.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 declined by 14,700 MT, primarily reflecting reduced commitments to the EC and unknown destinations. Exports during the week totaled 71,000 MT; primarily to the EC (47,200 MT), Spain (13,100 MT), Canada (5,600 MT), Jamaica (2,700 MT), and the Dominican Republic (1,300 MT).

Cotton: The apparent export commitment in 1975/76 for Upland cotton again increased moderately, primarily as a result of new sales to Indonesia. Upland exports continued slow for the second week. American Pima exports were 400 running bales (RB), all to the Republic of Korea, completing the shipment of the export commitment of 7,400 RB.

The price difference between U.S. and competitive growths widened as U.S. prices firmed while downward pressure was exerted on competitive growths.
